

**Students for Life Action Scoring Alert:
Co-Sponsor H.R. 4607: *The Protecting Life on College Campus Act of 2021***

July 29th, 2021

Members of the United States House of Representatives:

On behalf of our nearly 1,300 active groups and thousands of trained student activists across the nation, **Students for Life Action urges you to co-sponsor H.R. 4607, *the Protecting Life on College Campus Act of 2021*. Co-sponsorship of this bill will be included in our Pro-Life Generation Scorecard for the 117th Congress.**

If passed, this bill would prohibit federal funds from being directed to colleges and universities that provide Chemical Abortion drugs or abortion procedures on campus.

In 2019, California Governor Gavin Newsom signed Senate Bill 24 into law, mandating all four-year public colleges in California provide free Chemical Abortion Pills to students. State Senator Connie Leyva, who introduced this bill, made it clear that she wanted to see this legislation introduced across the country, **making every public college an abortion vendor**. Since then, other states have introduced similar bills. That's why the *Protecting Life on College Campus Act of 2021* is a crucial and timely piece of legislation that requires your support NOW.

Turning American colleges and universities into abortion vendors serves no educational purpose. In fact, abortion puts women's lives at risk and creates increased liabilities for schools. **More than 20 women *that we know of* have died after taking Chemical Abortion Pills**. Thousands more have experienced severe and traumatizing physical and psychological effects.

With nearly 40% of abortions currently being committed with Chemical Abortion Pills, **this issue is one of the biggest threats to the lives of mothers and preborn babies today**. It is vital that our federal legislators act to end Chemical Abortion, especially on college campuses, immediately.

We are the Pro-Life Generation, so we **ask that you co-sponsor H.R. 4607, *the Protecting Life on College Campus Act of 2021***. If you have already co-sponsored this bill, thank you for your support! Your co-sponsorship will be part of our scorecard that will be shared with our activists in all 50 states and the pro-life community.

Sincerely,

A handwritten signature in black ink that reads "Kristan Hawkins". The signature is written in a cursive, flowing style.

Kristan Hawkins
