Dear Member of Congress,

The heroic efforts of the GOP in working to cut funds from Big Abortion and *Planned Parenthood*, the nation's number one abortion vendor and distributor of sterilizing drugs to minors, represent a sea change in our political life. We now know for certain that Congress can cut funds to them, a reality affirmed in the Supreme Court's decision in *Medina v. Planned Parenthood South Atlantic*. But because in many locations, *Planned Parenthood* hides behind their ability to do paperwork – to QUALIFY for federal and state funds --- they continue to draw away resources from life-affirming healthcare and programming.

On behalf of our more than 1,600 groups in all 50 states, as well as our more than 225,000 trained activists, the *Pro-Life Generation* asks you to add your public support to an investigation of *Planned Parenthood*, to debar them, cutting them off from ALL taxpayer funds. They are UNQUALIFIED for our taxpayer support, for choosing to establish a business that harms women while selling the deaths of preborn babies, for pushing protocols that sterilize young people and for operating in ways that has led to troubling allegations in court, across the country.

Case in point: U.S. Senators Rand Paul and Joni Ernst appealed to the U.S. Small Business Administration (SBA) for *Planned Parenthood* to be debarred, drawing the SBA's attention [1] "to the unlawful participation of the Planned Parenthood Federation of America (PPFA) in the Paycheck Protection Program (PPP)."

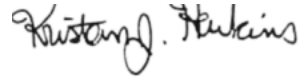

*Students for Life Action* (SFLAction), in our own letter to the SBA, asked for a debarment investigation because of reports of illegal trafficking in human remains, of investigations into Medicaid fraud, of repeated failures to report sex crimes, and of legal accusations of operating a racist work environment. Details of these concerns are in a detailed letter sent to the SBA and included here.

In light of these concerns and the right of Congress and the Administration to determine who is worthy to do business with the U.S. or to receive American taxpayer support, the *Pro-Life Generation* asks you to call on the SBA and the Trump Administration to demand that *Planned Parenthood* be investigated, to debar them from doing business with the United States of America. The Trump Administration is already engaged in debarment proceedings against other

bad actors. We are asking you to Trump *Planned Parenthood* and debar them. It's time to tell *Planned Parenthood*, You're Fired.

Regards,

Kristan Hawkins
