

Co-Sponsor the *Clean Water for All Life Act*

Led by Rep. Mary Miller (R-IL)

March 4, 2026

Dear Members of the U.S. House of Representatives,

On behalf of our more than 1,600 active groups and more than 225,000 trained student activists nationwide, **Students for Life Action urges you to support the “Clean Water for All Life Act,”** introduced by Rep. Mary Miller (R-IL), which requires the use of biohazard, catch kits during Chemical Abortions and holds Chemical Abortion Pill vendors accountable for waterway contamination from abortion water pollution. ***Students for Life Action will score both the votes and co-sponsorship of the measure, which will be shared with our activists in all 50 states and the pro-life community.***

In 2017, Students for Life began raising concerns about abortion water pollution, allowed by the reckless policies of three Democratic Party Presidents, who forced Chemical Abortion Pills on the market and then deregulated them.

Even if you support abortion, that doesn’t mean you want to drink abortion water pollution.

More than 50 tons of chemically tainted blood and placenta tissue, along with precious human remains, are dumped into America’s waterways every year, if you use the abortion industry’s own math about the scope of death by Chemical Abortion Pills. This is a human rights atrocity and an environmental crisis, caused by the greed of Chemical Abortion Pill pushers and negligent federal policy. The Pro-Life Generation is proud to fight alongside leaders like Rep. Mary Miller (R-IL), who demand better for mothers and preborn babies.

If you would like to see and/or co-sponsor the *Clean Water for All Life Act*, please email Worth Loving at Worth.Loving@mail.house.gov. If you have questions regarding the bill, please email our Government Affairs Coordinator, Savanna Deretich, at sderetich@studentsforlifeaction.org.

Sincerely,

A handwritten signature in black ink that reads "Kristan Hawkins". The script is cursive and fluid, with the first name and last name clearly legible.

Kristan Hawkins

President

Students for Life of America & Students for Life Action
